DISCOVER ART AT TSAWWASSEN MILLS

Tsawwassen Mills is a perfectly curated mix of premium fashion brands, outlet stores, food and entertainment. We are pleased to share its beautiful artwork telling the authentic story of the BC region and showcasing exclusive art pieces by Tsawwassen First Nation artists.

Tsawwassen means 'Land facing the sea' in traditional Tsawwassen dialect. The community is also known as Salmon People, as their traditions are deeply rooted in fishing and canoeing. Since 2009, the TFN has been a self governing First Nation, meaning they create laws, make decisions about their lands and practice traditional and ceremonial rites. Tsawwassen Mills is on the traditional territory of the Tsawwassen First Nation, who have been stewards of the land since time immemorial.

Tsawwassen Mills offers a unique space that allows customers and art enthusiasts to easily navigate the centre with 6 entrances, 5 distinct neighbourhoods and 3 themed courts with sitting areas throughout. The art tour is approximately 45 minutes with multiple photo opportunities throughout the centre.
